For more information, contact Lake Metigoshe State Park at (701) 263-4651.

Lake Metigoshe State Park road construction to begin, July 14

Visitors to Lake Metigoshe State Park will have to deal with road construction, July through August, which is taking place throughout the park. Work is scheduled to take place Monday through Thursday as not to impact weekend activity. Work is scheduled to begin Monday, July 14.

Some areas will see a complete asphalt overlay followed by a double chip seal, while other areas are having repairs, asphalt overlay and double chip seals. Further areas will just have the double chip seal or just a top dressing of gravel.

At times, there may only be one lane access at the entrance area and possibly other areas in the park. Every effort is being made to maintain access into the park and throughout the park while the road work is being performed. Expectations are the work will be done by the end of August, but weather conditions will dictate progress.

Information on the construction can be found on the North Dakota Parks and Recreation Department website at www.parkrec.nd.gov.
